

## NEW REGIME IN CITY OF MEXICO

CARRANZA'S MEN EXPECT TO BE IN FULL CONTROL TODAY.

(By International News Service.) LAREDO, Tex., August 14.—A telegram says Carranza has entered Mexico City.

MEXICO CITY, August 14.—Constitutional troops approached the capital in skirmish formation today and expected to occupy it in force before night. There has been no disorder here, but banks and the more pretentious shops were barricaded and special guards placed to prevent looting. Friends of Bellario Dominguez, the senator who disappeared last October after making a speech demanding Huerta's resignation, have secured proof he was murdered. The body was exhumed and a bullet found in the back of the head.

## COLE L. HARWOOD OUT FOR CONGRESS

Cole L. Harwood, candidate for congress on the Republican ticket, arrived in Tonopah this morning on a flying campaign tour of the southern country for the purpose of making the acquaintance of voters who are in favor of a change in the house of representatives. Judge Harwood was not disposed to enter the race, as he has a large law practice claiming his attention, but at the last minute he was persuaded to allow the use of his name and now is going before the Republicans of Nevada to ascertain their views on the office for which he is a candidate.

Judge Harwood is sober, reliable and efficient, and his record will stand the closest scrutiny. Coming eight years ago from New York he began practicing law in Reno, where he was associated with Judge Seeds, and afterwards in partnership with the late Senator Massey. After the election of Massey Harwood was appointed to the district bench at Reno to fill a vacancy caused by the retirement of Judge John S. Orr, but he found the bench too irksome for a man of his active temperament and he resigned April 6th to resume private practice.

Judge Harwood finds hosts of friends wherever he goes and thinks the Republicans are going to sweep the state this year. He has been through Esmeralda, Mineral, Lyon and Nye counties and will double back again from Goldfield to Reno when he resumes his auto tour, talking in Fallon, Austin, Eureka and Ely, and then moving to the main line of the Southern Pacific.

## WARRING ON FOOD PRICES IN EARNEST

DEALERS TAKE ALARM AND HASTEN TO REDUCE PRICES.

(By International News Service.) NEW YORK, August 14.—Nation-wide indignation against the prices of food on account of the war abroad were reflected in this city when war on unscrupulous dealers opened in earnest. As a result dealers began a reduction in prices. The drop was particularly apparent in the cost of meats. The price of lamb was reduced three-tenths cents a pound, sheep two cents, beef one-half to a cent a pound.

A commission of 135 business and professional men appointed by Mayor Mitchell met in the city hall to take up the situation.

## UMATILLA READY FOR RESUMPTION

The closing down of the Umatilla was thought advisable in order to wait for the collection of the assessment, as since the closing of the stock exchanges the banks had refused to make loans.

The pumps have been kept running and the mine will be in condition at a moment's notice to resume. The shut down was a temporary precaution, and as the conditions at the property were particularly favorable at the time, it is intended to resume work in a few days and people are advised not to let their payment of the assessment become delinquent, as by paying up promptly the early resumption of work will be assured.

## DEATH OF MANHATTAN WOMAN IN SAN FRANCISCO

De Lappe, in San Francisco, says the Modesto News. ## Firearms and Ammunition

THE remarkable favor shown by the shooting public to Remington-UMC rifles and shotguns, shot shells and metallics means just one thing—

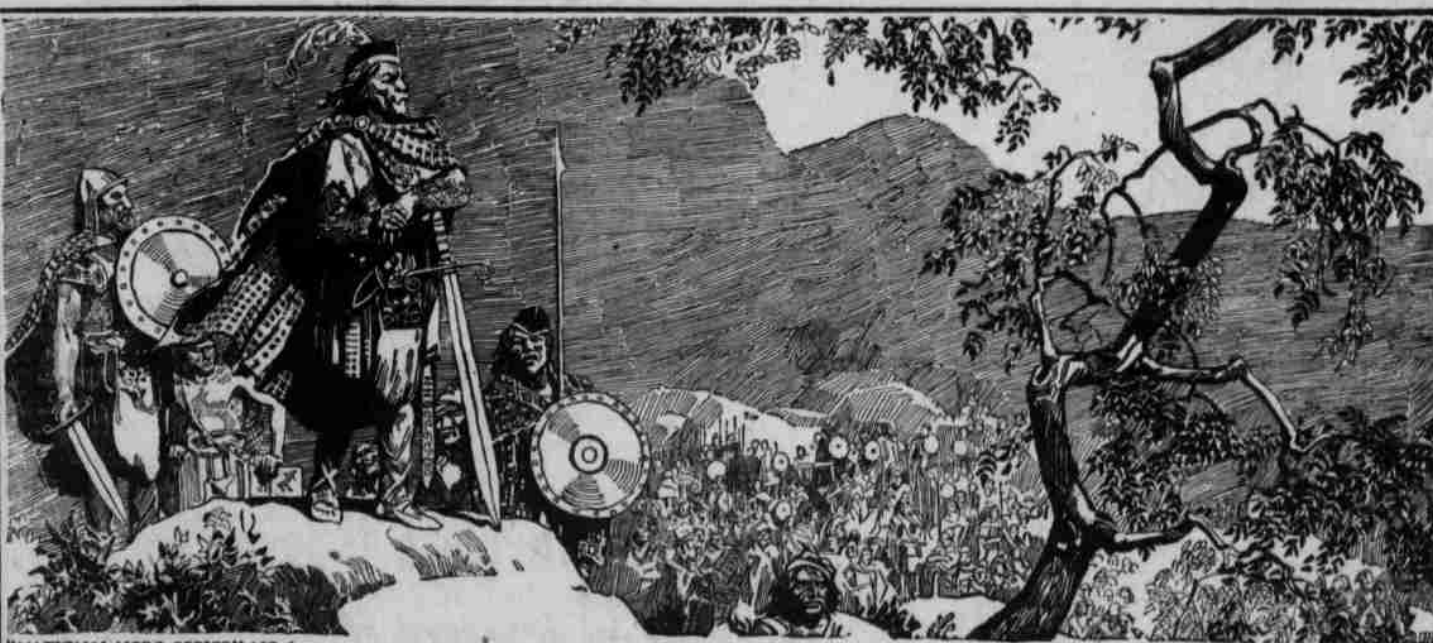

That sportsmen everywhere are becoming more conscious of their desire for the dependability that they find only in Remington-UMC arms and ammunition.

So you see the keen sportsman, when buying a new rifle or shotgun, go to the dealer who displays the Red Ball Mark of Remington-UMC. Or if he is already fitted with a rifle or shotgun, his tendency is more and more to shoot Remington-UMC shot shells and metallics—the ammunition that flatters any make of gun.

The Red Ball Mark of Remington-UMC—find the dealer who displays it. Look for it on every box of ammunition you buy.

To keep your gun cleaned and lubricated right, use Rem Oil, the new powder solvent, rust preventative, and gun lubricant.

## William Wallace—Scotland's Great Patriot

FOR nearly seven hundred years the sons and daughters of Scotland have revered the memory of Wallace. It is not too much to say that this will continue for seventy times seven hundred years. When but a youth the love of Personal and National Liberty burned so fiercely in the breast of Wallace that he revolted against England's tyrannous rule. At the head of his gallant band of riders he won skirmish after skirmish, and finally, at the opportune time, quickly organized an army and routed the English at Stirling Bridge. William Wallace admired a good Barley-Malt brew just as do the Scotchmen of to-day. Prohibition has ever been a detestable word to the Scotch people. They will not have it enter into their private lives, and the Scotch vote is always registered by a large majority against such sumptuary legislation. In America they have done much to build up the country. Thousands of our solid Scotch citizens are patrons of the honest brews of Anheuser-Busch and have been constant users of BUDWEISER. They have helped to make the annual sales of this world-famed brand exceed those of any other beer by millions of bottles.

Bottled only at the home plant.

## A Word of Caution

In nothing else can a person be more deceived than in the matter of glasses. Fakirs and unscrupulous peddlers know this and the country and often the city is visited by men who mislead the customer and give him only the cheapest and most harmful glasses.

Just why people will be led into the trap set by the "Big 1 Traveling Dr." no one seems to know.

Tonopah is my home. I'm here to do what's to be done with glasses—to do it well without "doing" you.
